

CELEBRATING 25 YEARS

Recognising the extraordinary achievements of Asian women in Britain today

The Asian Women of Achievement Awards, founded by Pinky Lilani CBE DL in 1999, celebrate multicultural Britain and the contribution of diverse cultures and talents to UK society. We put on a platform, the phenomenal Asian women across the UK and across industries, who are making a valuable and important contribution to British life. The awards play a key role in redefining the contribution of Asian women; and informing a new, positive, pro-diversity debate.

A LIFE-CHANGING EXPERIENCE

The awards have led to the creation of numerous initiatives and projects designed to help women and improve opportunities for the next generation. The awards are not simply a night of recognition but a community and a programme of initiatives that offer the opportunity for candidates to meet like-minded women and build business contacts.

Our sister initiative, the Women of the Future Programme, enables opportunities through our Women of the Future Network and Women of the Future Ambassadors Programme.

Women of the Future Network

An active network of high-achieving women bringing members together to share experiences and build their own networks. Our membership of over 1000, continues to grow each year with the inclusion of the AWA shortlisted candidates and Women of the Future Awards candidates.

Women of the Future Ambassadors Programme

Connecting students with role models and strengthening the pipeline of talent among Britain’s younger women.

“I am thrilled to start our AWA Awards 25th anniversary celebrations by introducing an incredible line-up of role models. From various walks of life and professions, each and every one of them have left an indelible mark on their fields, embodying the spirit of resilience and innovation. Their journeys inspire us all to strive for excellence, to break barriers and to uplift others along the way. A warm welcome to our 2024 finalists to the AWA family and to our ever-expanding global community.”

Pinky Lilani CBE DL
Chairman, Asian Women of Achievement Awards

“As long-term sponsor of the Asian Women of Achievement Awards, we understand the importance of recognising and celebrating Asian women and the valuable contribution they make. At NatWest we’re committed to supporting female entrepreneurs. Through our Enterprise programmes we have committed to ensuring at least 50% of our support is provided to Women, 20% to Ethnic Minority Individuals and 75% outside of London and South East. This year’s Awards shortlist is impressive, especially during an ongoing challenging environment. My congratulations to everyone shortlisted and I look forward to hearing your stories.”
